

3M™ SecureFit™ X5000 Safety Helmets

Secure, Comfortable Head Protection Everytime

- **Meets ANSI Z89.1** & tested for the requirements of the European EN12492 Mountaineering Helmet Standard
- **SecureFit™ Suspension** increases comfort while also providing a secure fit by reducing the force on the forehead up to 20%
- **15 Adjustment Settings** allows for different height and front-to-back adjustments
- **UVicator™ Sensor** changes color as the hard hat is exposed to ultra violet (UV) light
- **Customizable** equipped with accessory slots and clips that can work with variety of 3M accessories and other 3M PPE products
- **Stand Out** comes in eight colors & available with 3M™ Scotchlite reflective material for increased visibility under low light conditions

Standard SecureFit™ Helmet

Climbing helmet-inspired design that meets occupational safety requirements

Vented SecureFit™ Helmet

Vents on sides & back are designed to allow airflow through the hard hat

Vented & Reflective SecureFit™ Helmet

Helmet features vents on sides & back with 3M™ Scotchlite reflective material

Reflective SecureFit™ Helmet

3M™ Scotchlite reflective material for increased visibility in low light conditions
